

Gibson-Thomas Engineering is a full-service civil engineering firm based in Pennsylvania that provides engineering design and construction inspection services to clients on projects of varying sizes and complexity. We are a growing 140+ person firm with Pennsylvania offices in Latrobe, Indiana, Wexford, Fayette and Washington.

The Role

We have opportunities for entry level **Highway Engineers** in our Wexford and Latrobe Offices. Ideal candidates for these positions will have up to 5 years of experience in Transportation Engineering including PennDOT-related Highway Design.

Responsibilities

- Design of highways and roadways for a variety of clients.
- CADD drafting of designs and details.
- Preparation of contract documents and calculations.
- Field inspections of project sites.
- Coordination of design work with other disciplines.

Qualifications

- Bachelor of Science degree in an Engineering field.
- Engineer-in-Training Certificate with the ability and desire to acquire a Professional Engineer license.
- Working knowledge of current industry design software including MicroStation.
- Ability to work independently as well as lead and work in multi-disciplinary teams

Benefits Eligible for this Position

- Health and disability insurance benefits
- Paid flexible vacation time and holidays
- 401(k) plan with company funded match
- Flexible work environment

Gibson-Thomas is proud to be an equal employment workplace. Individuals seeking employment are considered without regard to age, ancestry, color, gender (including pregnancy, childbirth, or related medical conditions), gender identity or expression, genetic information, marital status, medical condition, mental or physical disability, national origin, protected family care or medical leave status, race, religion (including beliefs and practices or the absence thereof), sexual orientation, military or veteran status, or any other characteristic protected by federal, state, or local laws.
