

Gibson-Thomas

ENGINEERING

Gibson-Thomas Engineering Co., Inc. is a full-service civil engineering firm based in Pennsylvania that provides engineering design and construction inspection services to clients on projects of varying sizes and complexity. We are a growing firm with Pennsylvania offices in Latrobe, Camp Hill, Indiana, Wexford, Fayette, and Washington.

The Role

We have an opening for a **Sanitary System Designer**, this is a permanent full-time position in our Latrobe Office. Ideal candidates for this position must have a wide range of design and drafting experience with AutoCAD Civil/Suite and/or Carlson Land Development software for sewer, water and stormwater designs.

Responsibilities

- Design of sewer, water/stormwater, and relocation type projects
- Liaison with Project Managers, engineers, and construction inspectors

Qualifications

- A minimum of five years experience and proficient with CAD software
- Exceptional writing and verbal communication skills
- Familiarity with local authority and state government approval and regulatory requirements
- A commitment to self-improvement and continuing professional development

Benefits Eligible for this Position

- Health and disability insurance benefits
- Paid flexible vacation time and holidays
- 401(k) plan with company funded match
- Flexible work environment
- Salary will be negotiated based on qualifications

Gibson-Thomas is proud to be an equal employment workplace. Individuals seeking employment are considered without regard to age, ancestry, color, gender (including pregnancy, childbirth, or related medical conditions), gender identity or expression, genetic information, marital status, medical condition, mental or physical disability, national origin, protected family care or medical leave status, race, religion (including beliefs and practices or the absence thereof), sexual orientation, military or veteran status, or any other characteristic protected by federal, state, or local laws.
